

Kodak i1190/i1190E Scanners

Intelligent, connected, and very versatile

Work at the speed of business

Kodak i1190 and i1190E Scanners are the dedicated desktop transaction processing tools for business. Both are compact, fast, and quiet with easy-to-use interfaces and ample intelligence. The i1190E features powerful, on-board image processing. They accelerate workflows, so you can devote time to other important tasks. Easily integrated with software and enterprise applications to scan, capture information, and extract and share data with the business apps you use every day. To deliver more, faster, space-saving **Kodak** i1190/i1190E Scanners are the perfect office mates for a wide range of applications including banking, finance, insurance, healthcare, and government.

Keep in step with changing technologies

The **Kodak** i1190E Scanner can help you escape traditional scanner imaging requirements that increase IT support costs and limit the accessibility and scalability of capture solutions.

- Reduce PC processing/speed requirements with embedded advanced image processing built into the i1190E model
- Optimized for use with browser-based capture applications (including **Kodak** Info Input Solution)
- Benefit from thin client/browser architecture and achieve the cost efficiencies offered by Web-based technology

Business friendly

Quick, quiet, and connected, **Kodak** i1100 Series Scanners integrate seamlessly into a wide range of environments.

- Works with **Windows, MAC,** and **Linux** operating systems
- **TWAIN, ISIS,** and **Linux** driver compatibility with business applications

Intelligence to work smarter and leaner

Say "Hello" to your intelligent imaging engines. **Kodak** i1190/i1190E Scanners capture and distribute data with minimal user interaction to free up your work life.

- Smart Touch technology lets you perform up to nine different tasks with the push of a button — including creating PDFs, attaching documents to e-mails, organizing them in folders, or sending them to Cloud services
- Instantly view the number of documents scanned or paper ready status via the graphical display panel, providing users with useful information to help avoid or resolve errors
- Apply custom activity names and include color icons on the display panel to make scanning tasks quick and easy to select
- Save time by quickly sending data to the right places and people
- Deliver data to applications automatically with built-in barcode reading

Performance driven

Boost productivity and increase efficiency with features designed to prevent workflow interruptions.

- Kodak Alaris' Perfect Page technology automatically improves the image quality of scanned documents with more than 30 enhancement functions
- Stay on task with fast, jam-free scanning of documents and even hard cards
- Protect valuable documents with Intelligent Document Protection that "hears" potential jams or misfeeds and stops scanning before damage can occur
- Keep materials organized with the convenient card holder
- Increase productivity with **Kodak Capture Pro Software Limited Edition** and **Capture Pro Trial Edition**, bundled with each scanner

Productivity. Assured.

Only Kodak Alaris offers essential services to ensure the optimal operation of your scanning solution at the time of installation and beyond. The worry-free warranty puts Kodak Alaris knowledge to work for you, helping your **Kodak i1190/i1190E Scanners** satisfy your evolving business process needs for years to come.

Capture information and extract data quickly and efficiently

The rapid pace of business requires greater productivity. Today, everyone needs more and more, faster and faster. **Kodak i1190** and **i1190E Scanners** deliver in a wide range of office settings:

Save countless hours: Kodak Alaris' Perfect Page technology reduces document preparation times, minimizes the need for rescans, and virtually eliminates interruptions during handling. The i1190 Scanner uses Perfect Page running on the PC. With the i1190E model, Perfect Page is embedded in the scanner.

Easy to use and understand: Customizing the settings on the control panel makes the scanner intuitive to use. Quickly capture and route information to the right places and people. The Smart Touch feature is one-button easy.

Processing power onboard: Perfect Page is embedded in the i1190E model scanner. The scanner does the image processing work – great for companies that use "thin client" computers or lower power PCs.
